

St Jude's Online Safety Newsflash

Meet our Safer Internet Day ambassadors...

On Safer Internet Day our children were given the opportunity to answer a range of questions and offer their advice around the theme of consent, with 'Question Walls' located in a range of positions around our school. Martha, Lois, Daniel and Linda's contributions were identified as outstanding and were recognised during Monday's Collective Worship. They were awarded a certificate and 'safe online time' 30 minute voucher.

Martha: 'We can take control of our lives better online by learning how to be safe and talking to our adults.'

Lois: 'Try not to spend too long on the internet. You may feel grumpy and say something unkind to somebody.'

Daniel: 'You should ask an adult immediately if you see something you don't know is right or wrong.'

Linda: 'I would feel upset and embarrassed if someone said something unkind about me online.'
