

St Jude's Online Safety Newsflash

Internet Matters - the website for all things Online Safety

We have shared this with you before, but it truly is the best website for parents that we know of. You will find:

- advice on how to set up filters and restrictions on your broadband service at home
- parent guides and top tips for all the latest developments, such as latest games and devices being used by our young people currently
- latest news and publications from government and specialists around the world
- age-specific guidance for parents, to ensure the advice you receive is absolutely relevant to you and your family.

Just click here: <https://www.internetmatters.org/>
