

## St Jude's Online Safety Newsflash

**Become an expert in your child's online world in six weeks...**

O2 have joined forces with the NSPCC on a mission to help all children and their families in the UK stay safe online. They're offering useful tools, support and guidance to help parents and carers have conversations with their children about their online lives.

**Every good conversation starts with a great icebreaker.** From cyberbullying and sexting, to avoiding inappropriate content, talking about online safety with your child should be as natural as asking them what they got up to at school today. O2 have created a series of weekly emails packed full of useful info, advice and activities to bring you closer to their online world.

To register for these weekly e-mails just go to: [www.nspcc.o2.co.uk](http://www.nspcc.o2.co.uk)

### Online Safety Top Tip of the Week

Our children have all been learning about online safety this half-term. In addition to S.M.A.R.T:

(Details **S**afe, Never **M**eeet, Don't **A**cccept E-mails from Strangers, Check **R**eliability, **T**ell Someone)

Our children have been taught to remember the following acronym when reading a post or blog online:

**T** – is it **true**?   **H** – is it **high quality**?   **I** – is it **informative**?   **N** – is it **necessary**?   **K** – is it **kind**?

This is such an important theme to reinforce at home, particularly when completing homework online!
