

English:

- We will continue to develop as writers by learning a variety of new skills.
- For example, we will learn when to use a/an, suffixes and the present perfect tense.
- We will do this with our book 'The Window' by Jeannie Baker.

Computing: Programming – sequencing

sounds

We will be exploring the concept of sequencing in programming through Scratch. Starting with an introduction to the programming environment.

Art & Design:

We will be looking at the artist Henri Matisse and the way he used collage in his work, we will then be using this knowledge to create our very own collages of the Amazon Rainforest.

Food Technology:

We will be doing some leaf tasting and creating our own salads.

PE:

For P.E this half term we will be learning the game cricket, focusing on our batting and throwing skills.

Spanish: Me Gusta

- In Spanish we will be building on our previous learning and learning to talk about the things that we like.

Humanities: Amazing Amazon

- We will be placing the Amazon rainforest on a map relative to the equator, Southern and Northern hemispheres to help us investigate and explain the climate of a rainforest
- We will be learning about the natural resources in a rainforest, what they are used for and how this is contributing to deforestation with a link to fair trade
- We will be comparing the climate of London and the rainforest using atlases.

Year 3 – Summer 1 Amazing Amazon!

This half term the children will be taking part in weekly cricket sessions!

Science: Light

We will be learning:

- What a light source is.
- The effect of light on eyes.
- How shadows are formed.
- How to measure the light permeability of different materials.

Maths:

We will be continuing with our learning about mass and capacity before moving on to the second part of fractions where we will be looking at adding and subtracting fractions.

After this, we will be looking at the topics of money and time.

Music:

- This half term we will be exploring the pitch and structure of music and composing our own melodies. Our unit topics are titled 'Human Body' and 'Singing French'

RE: Judaism

- We will be learning about Jewish beliefs surrounding how God chose Abraham to be the founder of the Jewish faith
- We will learn about the significance of the Shema for Jews
- We will learn the story of Passover and why it is important to Jewish people
- We will prepare and re-enact our own Sedar meals
- We will learn about the importance of the 10 commandments for Jewish people.

Personal, Social Health and Citizenship:

Relationships

In our Jigsaw sessions we will be exploring:

- Family and friends
- Being a global citizen
- Celebrating my web of relationships
