

English:

This half term we will be using a range of texts relating to toys to inspire our writing, such as 'Stanley's Stick' and 'That Rabbit Belongs to Emily Brown'. We will be using these texts to develop inference and prediction, create our own versions of narratives and use joining words to extend sentences. We will also be developing our ability to read our own work out to the class in a clear and loud voice.

Computing:

This half term we will be using the iPads to create our own story. We will use skills like taking photos and recording our voices.

Art & Design:

We will be exploring techniques and skills required in clay work to make a sculpture of a toy box.

Food Technology:

We will be making gingerbread biscuits.

Humanities:

We will be exploring different types of toys that we use in the present and comparing it to the toys that were used in the past. The children will order toys chronologically and discover toys from around the world.

PE:

This half term we will be developing our ball game skills such as tennis and football. We will also be dancing to music and learning about how we can use our bodies to portray different characters in a story.

Science:

This half term we will be exploring different everyday materials. We will explore the names of different everyday materials and investigating their properties.

Spanish:

This half term we will be learning vocabulary for days of the week and items found in the classroom.

Music:

This half term we will be developing the ability to recognise longer and shorter sounds and use them to create our own sequences. We will also learn songs for our Christmas

Year 1 Autumn 2
Toys!

To make this topic even more relevant, and ensure the knowledge sticks, the children will:

Have a toy day in school! (more information to follow)

RE:

This half term we will be learning about why Saints are important to Christians. We will learn the role of each of the Nativity characters and the importance of Christmas in the Christian calendar.

Maths:

This half term we will be learning how we can use addition and subtraction facts we know, and learning about place value up to 20. We will also be exploring 2d and 3d shapes.

Personal, Health, Social and Citizenship:

This half term our topic will be 'Celebrating difference.' We will learn about how we are all different and how we can include others in games and activities.
